

# Kingsman

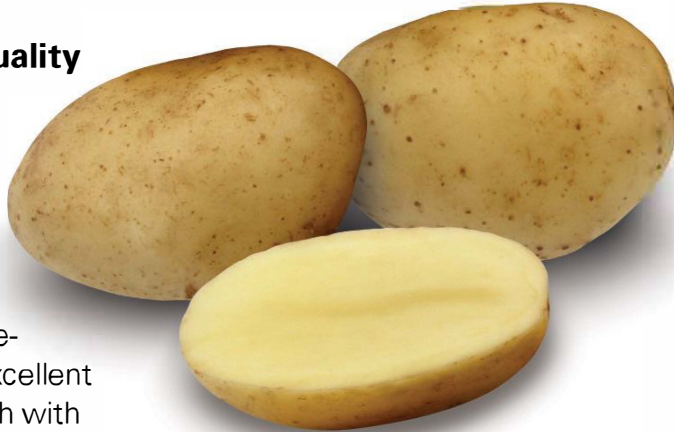

## Early Maincrop

(Excalibur x Caesar)

### Consumer quality

Early maincrop variety producing very high yields of long-oval tubers with pale-yellow flesh. Excellent bright skin finish with shallow eyes. Higher dry matter (typically 22%) than Estima giving good taste and eating qualities which are well received by the consumer.

### Agronomic features

Kingsman has consistently excelled in a number of overseas trials over a number of years out-yielding Spunta, Desiree and Hermes in North-Africa and Spain. In UK trials, Kingsman has typically yielded 115% of Maris Piper with 35-45% 'baker' content. Superior Blackleg and damage resistances.

### Tuber characteristics

Market Sector	PP	Shape of tuber	O/LO
Maturity	3	Depth of eyes	3
Colour of skin	LY	Smoothness of skin	S
